

PROVING THE ZOG:

On Wikipedia, the concept of the “Zionist Occupied Government” is labeled as an “antisemitic conspiracy theory”. But this is completely false; the Zionist Occupied Government (or ZOG for short) is a reality in many Western countries. In this document, I’ll be proving Jewish overrepresentation in the United States government, refuting arguments in support of the ZOG, and delve into why Jews *actually* are so powerful. First off, let’s look at Biden’s cabinet:

LET'S GO BRANDON

EVERY SINGLE ASPECT OF THE BIDEN ADMINISTRATION IS JEWISH

Oh, wow. This is interesting... As we can see, much of the Biden administration are ethnic Jews. This is quite interesting because, according to the Pew Research Center, Jews only comprise 7.5 million of the over 330 million people in the United States [1]. This equates to only around 2-3% of the American population. Now, it’s silly to believe that the representation of groups should be in a strict line with their percentage of the population; some groups are smarter and work harder than others, and ergo are more deserving of positions of power and thus more representation.

However, this isn't the case for Jews. And even if it was, this overrepresentation is *dangerous* for several reasons. Firstly, such a small group containing what is quite obviously an absurd amount of power is out of place. If a group was 15% of a nation's population, worked really hard and were very intelligent on average, then it'd be rational as to why they'd have more power than, say, a group that's 30% of that nation's population. But again, this isn't the case for Jews. Jewish intelligence is essentially a fraud [2]:

Israel has an average IQ of 94. Ashkenzi Jews are over 40% of the population there. The rest of the population is Sephardic or Arabic with an average IQ around 90. Doing the math, we do not get a very high value for Ashkenzi intelligence: somewhere around 100.

The National Longitudinal Survey of Youth established that Jewish success does not correlate with their intelligence. They are getting ahead by cheating: nepotism and lack of conscientious business dealings.

"But what about Nobel Prizes?"

Dr. Lynn himself found that the correlation between Nobel Prize winners and IQ is weak. The Nobel is a political prize, not a measure of smarts. Jews are great at scheming.

Jews aren't even actually Jews. Their claims to be the Hebrews of the bible are false. Everything about them is a lie!

THE "SMART JEW" MYTH

A lie propagated by Jews for the benefit of Jews

"Science has established that Jews have IQs of around 115"

Really? Then why were they denied entry to the US under the Immigration Act of 1924 because their tested IQs were significantly below those of whites? There was never any claim that East Asians were so far below us, so this clearly wasn't "racism." Did Jewish IQ suddenly jump up, or did Jewish interests replace objectivity?

"But Dr. Richard Lynn tested them and got high results!"

No, Dr. Lynn processed data from other tests. China boosts their IQ measurements by testing only their richest and best, then pretending the results are typical of the whole nation. Jews play the same game. Dr. Margaret Backman tested American Ashkenazi Jews apart from all other Jews in 1972 and got an IQ result of around 100, not 115.

"But they evolved to be smart because of white racism"

That's absurd. First, show me proof of nearly all Jews starving to death in Europe to provide the evolutionary selection pressure. Second, it took 50,000 years to give whites a 2 s.d. IQ advantage over blacks. You're claiming Jews achieved half this much in one fiftieth of the time!

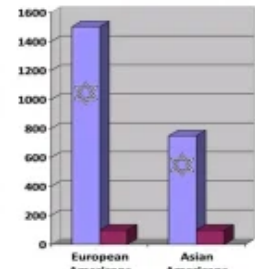

- Compared to Whites, Jews score:
 - 375 points lower in SAT Math, 230 vs. 605.
 - 35.4 points lower in NAEP Math, 251 vs. 286.4.
 - 7.3 points lower in ACT Composite, 15 vs. 22.3.
 - 228 points lower in GRE Quantitative, 325 vs. 553.
 - 43 points lower in TIMSS Math, 495 vs. 538.

Virtually every Jewish invention claim turns out to be a lie, a theft of a prior white invention including Einstein's plagiarism of Poincare and Hilbert, and Salk's polio cure coming after Dr. Howard Howe's.

Even Ashkenazi Jews are in the same racial cluster as the Arabs, who have average IQs of around 90

Jews are Admitted to Harvard at 15 Times (1500 percent) the Ratio of Equal or Better-Qualified European Americans & 7.5 Times (750 percent) higher than Asian Americans

Race	Admissions (approx.)
European Americans	1500
Asian Americans	200
Jews	22500

To explain the extreme over-representation of Jews in positions of power in academia, government, and the media, we would have to assume their average IQ is impossibly high.

This begs the question: why are Jews, who are at best average intelligence (possibly even below average due to incessant inbreeding amongst them) generally speaking, so overrepresented in politics? Well, it has to do with nepotism, social evolution, and ethnic philosophy. We'll cover these three things in order:

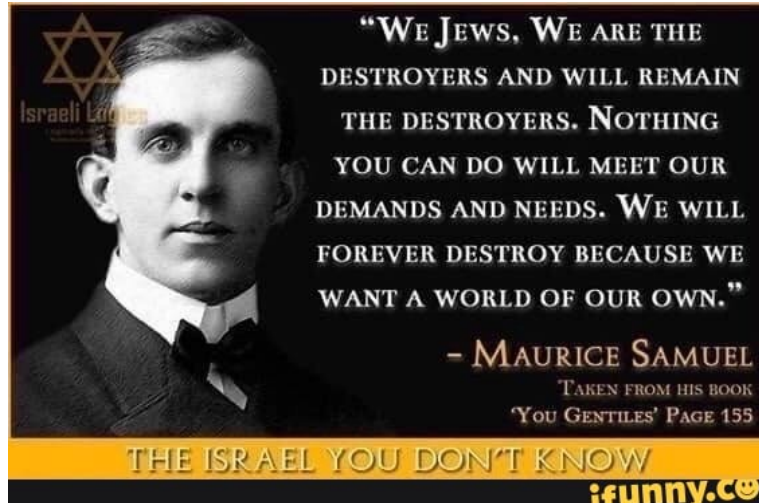

Firstly, nepotism is the practice of being professionally biased towards your race and relatives. So, imagine you're a manager at a restaurant, and you have the choice to hire someone that you don't know or your brother, and you choose your brother; that's an act of nepotism. Naturally, this expands from family to race.

Nepotism is important because it strengthens communities, and Jews have understood this quite well it seems.

Secondly, social evolution is an evolutionary theory which espouses the claim that peoples and groups evolve over time to their social circumstances. For instance, an explanation for the violence and unintelligence of Sub-Saharan Africans from the lens of social evolution is that due to Blacks living very primitively and embracing things such as Social Darwinism and barbarism over a time span of thousands of years, they have evolved to be generally stupid and criminally violent, hence why they chimp out and have hedonistic lifestyles. I actually wrote a document about this titled: “Socio-Biological Evolution and Race”, which you can check out in case you’re curious [\[3\]](#). Jews have been secularized for over a thousand years according to Dr. Kevin MacDonald, and have devoted themselves to achieving power in Gentile nations, usually with malicious intent.

Finally, let’s cover ethnic philosophy. Ethnic philosophy is a philosophy held by a vast amount of people within a specific ethnic group. In this case, Jews adhere to Talmudic philosophy, which is based off of Talmud law (due to the secularism of the Jews in power (Secular Jews, I’d like to add, comprise of only 0.6% of America’s population), Talmudic law has transformed more into philosophy, which is not as restrictive as law and easily fluid and manipulatable. This was likely the result of the progressive secularization of Jews which started over a thousand years ago, and also the fact that Jews likely did not want to abide by any actual law due to their nomadic and degenerate lifestyles). Talmud law, of course, permits and encourages the destruction of the Gentiles and our culture in most radical cases, and permits Jews to walk all over us and treat us like dogs in most moderate cases.

So, Jews are a nepotistic, hedonistic, hateful, and persistent people. They have been for a thousand years, and it’s practically in their blood to be such things. They have the will for power, the hate to act on it, the philosophy to encourage it, and the biology to maintain it. Jews and Gentiles cannot co-exist. The Jewish author Maurice Samuel even said so perfectly in his 1924 book “*You Gentiles*”:

All of this serves as an explanation for *why* Jews have power, *how* Jews have power, and *what* power Jews have. The motives for the ZOG are obvious when considering this information, and it only makes more and more sense when we start to see more and more Jews in absurd positions of power proposing absurd and destructive policies and theories in relation to politics. People need to realize that politics is not a scary topic beyond your understanding, it's our *lives*; politics are the policies that affect our living, and thus it should be taken seriously. Therefore, the group of people that hates us now clearly control the Federal Reserve (National banking system and the economy), National security, and our National intelligence.

Jews and Zionists occupy the United States Government. The current president, Joe Biden, is even quoted as saying "I'm a Zionist; you don't need to be a Jew to be a Zionist" [4]. Now, this man very clearly isn't as sharp as he used to be - but he has his Jewish cabinet to make up for that. People that want us, our families, and our friends dead are indisputably in power, and it is up to us to stop this by telling and spreading the truth.

Summary:
Of the 14 Federal Reserve System chairmen, 7 have been Jews or partial Jews.
This is a numerical representation of 50%. Jews are approximately 2% of the U.S. population.
Therefore Jews have been over-represented among the Federal Reserve System chairmen by a factor of 25 times - 2,500%.
